

SCC Agenda
March 3, 2016

1. Welcome

Annie voted to approve the minutes of the last meeting. Eric seconded it.

2. Math-a-thon

It was decided that the overlay is easiest for parents to use when correcting the math tests. Annie has agreed to put the volunteer needs on the sign up genius as soon as I am able to get her the times and days that are needed.

3. Parking lot/drop off for the new school

Anne Stubben shared a great article titled “The time of day when your child’s life is most at risk”. That time is when they are being picked up or dropped off for school. It was decided that the SCC will be an integral part in designing what the parking lot will actually look like. A list of some things we need to keep in mind:

- Painting a drop off only zone
- Signage needs to be ordered
- Flyers sent out
- Send emails to parents with the flyer as well
- If parents are not following rules ask them to but also hand them the policy.
- Figure out how to do pre-school
- Have some 10 minute parking spaces for parents to be able to park and let their kids out when they need to check in or out.
- We need parents to help us out the first 2 weeks of school.
- Work with the district to get this all in place.

4. CSIP

This was shared with everyone. It is still a work in progress. Julie Butler shared our current data and explained that it appears we need to work on our core instruction. Christy will probably come by your homes to have you sign the completed Land Trust Plan, which is virtually the same as the CSIP plan.

5. Misc.

Next time we need to talk about an incentive for the 1st graders reading 100 books.

6. Adjourn

Karen made a motion for us to adjourn and Eric seconded it.

Those present today:

Anne Stubben

Eric Grant

Rhonda Stolberg

Karen Hammer

Jill Shumway

Christy Waddell
